

**REMARKS**

This Amendment, filed in reply to the Office Action dated June 6, 2005, is believed to be fully responsive to each point of rejection raised therein. Accordingly, favorable reconsideration on the merits is respectfully requested.

Claims 1-12 and 16-23 are all the claims pending in the application. The independent claims have been amended to describe the direct updating of database information based on transfer. The general discussion of coherency in the art of record does not require such direct updates. For example, to the extent data is updated, it can be done indirectly, such as by local activation of particular elements or processes to regenerate the data locally.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
